

Have you ever wondered why getting results comes so easy for some people and not for others? Do you worry that your best strategies for success in life and work are falling short? Are you interested in getting the best out of yourself and those around you?

If you answered YES to any of these questions, you're in the right place! Our speaker today is the president of Live It Forward, LLC and author of *Who Wants To Be Normal Anyway*. He is head-over-heels in love with his wife, Kathy, and totally knows he married up. He is a big Georgia Tech football fan... even though they don't win too often. And you might have seen him on the Late Night Show with Jimmy Fallon..... one night in September the cameras panned the audience when he was sitting in the upper corner of the balcony.

Helping us move from DREAM to DO in our work and life, please welcome to the stage from Atlanta, Georgia... speaker, fish-taco lover, and a man who is very comfortable with his shiny bald head.....

MR. KENT JULIAN
